

## Outperforms the Competition!

MTI Electronics takes very seriously its role as an EMS partner to leading Original Equipment Manufacturers. They work hard to regularly exceed customer expectations by emphasizing superior quality, timeliness, cost efficiency and service. MTI uses Juki placement systems because they offer the flexibility, quick change-over, and high-uptime that allow MTI to deliver on what they promise.

***"Working with Juki has proven that they share our core principle of exceeding customer expectations. Our customers demand us to be flexible, dependable, and reliable. Juki is the perfect partner in this environment. On-the-floor experience has proven to us that Juki's products and support outperform their competition – a distinguishing feature that we are proud to share."***

***-Greg Martinek, MTI President and CEO***

Call Juki today to discuss how we can work with you to attain that competitive edge needed to grow your business and outperform your competition.
